

How to sign in to the PROD AWS Console

1. Goto any browser and hit this URL: <https://aws.amazon.com/>
2. Click on “sign into the console” from top right side.

3. Choose sign in as “Root User”.

4. Enter “Root User email address”.

A screenshot of the "Root user email address" input field. The field is empty and has a placeholder text "Root user email address".

5. Click on “Next”

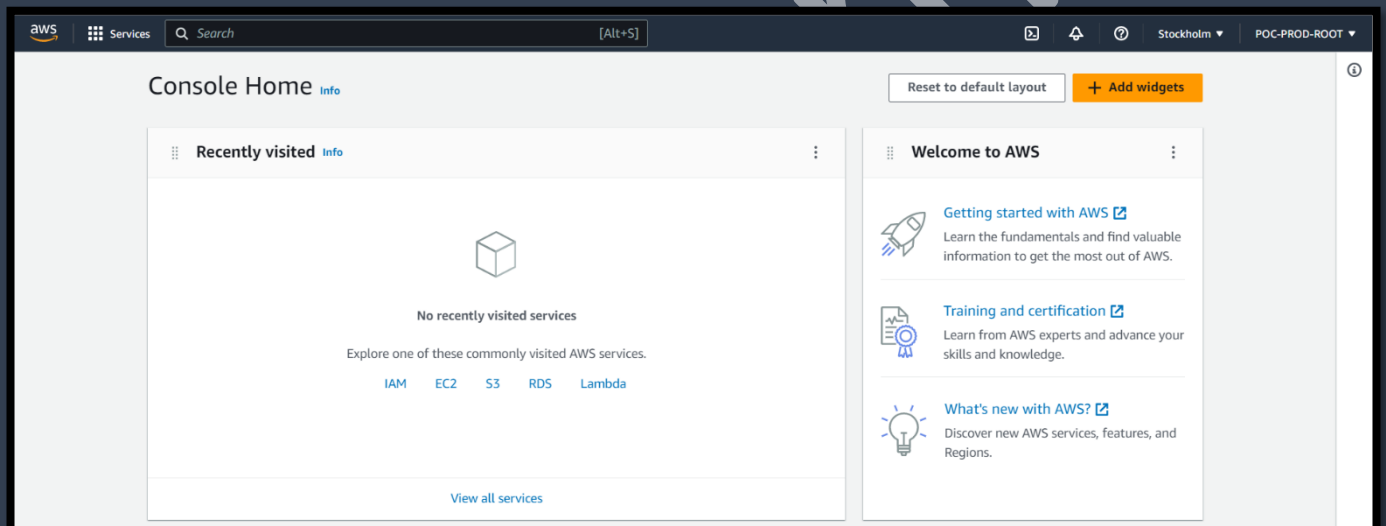

6. Enter “Password”

Password [Forgot password?](#)

7. Click on “Sign in”

8. Now, we can see the “AWS Management Console”.
